Lake Fact Sheet – Parry Sound District Arrowhead Lake

Location

Official Name:Arrowhead Lake	Local Names:Rat Lake
County/District:Muskoka	Geographic Twp:Chaffey
<i>Municipality:</i> Town of Huntsville	MNR Admin. Area:Bracebridge
Lat./Long:	UTM (NAD83):17 640798 5028591
<i>Topographic Map (1:50,000):</i> 31E06	Drainage Basin:Big East River

Physical Features		
Surface Area (ha):62	Maximum Depth (m):13	Mean Depth (m):7
Elevation (m asl):335	Perimeter (km):4.4	Island Shoreline (km):0
<i>Volume (10⁴ m^{3:}):</i> 434	<i>Watershed (km²):</i> 94 (excludes area of lake)	Water Clarity (m):2.2

Land Use and Development		
Crown Land (%): 100	Provincial Parks:located completely inside Arrowhead Provincial Park	
Shoreline Development:	low; provincial park campground	
Access:	public; no motor boats allowed; park pass required	
Water Level Management:	not regulated	

Fish Species

Major Fish Species: brook trout (O), smallmouth bass (I), largemouth bass (I, 2010), black Crappie (I, 2013)
Other Fish Species: cisco (lake herring), white sucker, creek chub, yellow perch, brown bullhead
Other Species:

Notes: E: extirpated, I: introduced – intentional or accidental, O: occasional, R: remnant, S: currently stocked, ?: status uncertain, 2009: year of first record or introduction if known, blank: presumed native

Synopsis

Brook trout were probably the only native sport fish species in Arrowhead Lake. Despite the absence of any stocking records, smallmouth bass were probably introduced early in the 1900's. More recently largemouth and black crappie have been documented in the lake. The presence of a robust population of largemouth bass when they were first reported indicates they were already present for a number of years. Their origins are unknown but both largemouth and crappie were probably illegally introduced. These introductions, within a provincial park where one must pass by a gatehouse to gain entry, demonstrate the difficulty of controlling illegal stocking. Brook trout still occur occasionally, probably mostly through immigration from the Little East River which flows into the lake.
